

Grief and
Education Center

The West De Pere Intermediate School is partnering with Unity to provide a grief group for any students that have lost someone due to death. This group helps students learn how to process through grief and learn that they are not the only ones. The group is usually 6-12 students. The group will meet once a week for 6 weeks. If you are interested in having your child participate or think they would benefit. Please contact Sabrina Esala with any questions at 920-639-0519.
