

Medication Pick Up

If you currently have medication for your child in the Intermediate school office, please remember that all medications need to be picked up by Friday, June 6th. Medication cannot be sent home with a minor child or saved for next year.

If you have children attending Summer School, their medication can be picked up on the last day of Summer School. The last day of Summer School is Friday June 28th. Any medication that is left here after June 28th will be destroyed.
